1. Dress Up

*It's funny how our lives are filled with ups and
downs,*

Ups and downs that make our lives queer.

But still we face them as we have no other option left!

It's funny that if someone is at his worst times,

A cloud of sadness taking control over his mind,

But, still carrying his bright and wide smile,

In front of everyone just to show that he is alright!

It's funny how a guy can dress up his sorrow so nicely,

Replacing it with a fake smile,

Just to keep him look nice!

2. *Life Of a Woman*

*Women lives the toughest life,
As she has to work day and night,
Looking after her family,
Doing all sorts of household chores,
And if she is an earning source,
Then she has to look after her job also,
If she is tired, she will never say...
She has a good heart, but still everyone blames her,
In villages, she is not allowed to go out, she is not
given the proper education and a proper hygiene,
She is considered less than men,
Why so ? Why are you making a difference between
them?
Who are you to judge her ?*

*Both are equal,
And make a note that she is not a play doll,
Don't play with her heart,
Appreciate her for all her sacrifices she made for you,
She can also simply live her life without caring
about her family,
But she will never do this.
As she has a pure heart, she cannot see tears in your
eyes,
Women are God's most precious gift to mankind,
If she wasn't there, then you also didn't get the
opportunity to explore this amazing life,
So, please give her the equal importance. Treat her in
a nice way.
Change your mentality, and respect her !*

3. Music

*Music is such a nice thing to hear,
It erases all my stress, frustration and worries of the
day,
Listening to music is one of my favorite hobbies,
As it cheers me up...
But, music also have two sides of a coin,
When I am happy, I listen to the good songs, which
brings more excitement and joy on my face,
But when I am sad, I listen to the depressed songs,
which worsens my mood !
Ha-ha, but still I love listening to music with my
headphones...*

4. It's too cold outside

*It's too cold outside,
Even the big furry funny clothes are not giving any
warmth today,
All the windows and doors are closed,
But still this naughty cold wind gets in !
The winter time has come,
And, I guess that soon I would be looking like a
snowman,
Oh my gosh ! I just want to be in my bed and sleep
until the sun comes !*

5. Santa Is Coming

*His hair is white,
His suit is red,
He wears a hat to cover his head,
He laughs like Ho Ho Ho !*

*He loves kids and give them gifts,
He comes on his sleigh,
By sliding down through snow,
And, as Christmas is coming,
I am excited to meet him !
Hahaha...*

6. Autographs

*I love when people ask me to give them my autograph,
It gives me a funny feeling,
I feel like I am the queen and all come to take the
queen's autograph.*

7. I feel blessed !

I feel blessed for my life,

*I feel blessed to have my parents who support me
and love me unconditionally,*

*I feel blessed when I see people surrounding me, they
make me so happy,*

*I feel blessed when I learn and discover so many new
things each day,*

I feel blessed when I call someone my friend,

As their names add up to my friend's list,

*Which gives me a nice feeling that I am surrounded
by loving people,*

I feel blessed that I am loved.

*And, I am so happy that I got a chance to explore
this world, and I am so much thankful to God and
to each and every person in my life !*

8. You are a source of happiness !

Hi buddy,

I just want to say,

That you are a source of happiness and joy,

Stop hunting for a smile,

The smile lies within you...

Stop being so unhappy,

Stop begging people for your happiness,

Stop saying that you will be only happy,

When your expectations will be fulfilled,

If you think so, then you are absolutely wrong !

Life is not like that, it will never follow your path..

And there's a little secret I want to tell you,

That you don't need anyone to complete you.

*God has made you complete,
So, stop begging and start living,
Your happiness lies in your hands,
Don't allow anyone to take the remote of your
happiness,
I am proud to call you my friend !*

9. You are a Survivor

*You are a survivor,
Who has to stand up and fight for his life,
Who has to work hard to achieve success,
Who has to face challenges and win his destiny...
You are a survivor in this world,
You are a soldier in the army of God,
You have come so far,
By learning from the damage.
You are a survivor, my darling,*

*And I salute you for who you are,
I respect you for your kind deeds,
And for making the universe so proud !*
